President Syngman Rhee  
Seoul  
Republic of Korea

Dear President Rhee:

I thought you might be interested in the poem written by my 11-year old daughter, about Korea.

She became interested in the study of your country at school this year, and took it as a "project." A 6th grade student at Belvoir School, University Hts., Cleveland, Ohio, she became quite an authority on Korea.

Among other things, she obtained a copy of your National Anthem, and played it before the school assembly as a piano solo.

The comments on her poem, "Hail Korea" have been most enthusiastic. It was recommended to me by many to send it to you.

Sincerely,

Grace Winer
