Top Secret  
The Ministry of Internal Affairs reports on the situation on the Soviet-Hungarian border as of 8:00 a.m. In accordance with the decision of the Minister of Defense Marshal Zhukov, Soviet troops crossed the Hungarian border. In all there were 128 rifle divisions and 39 mechanized divisions, which began to enter Hungary at 2:15 at the points Csop, Beregovo, and Vylok. Separate units gave necessary help to the Soviet Army. The whole border was guarded in order to permit us to violate state borders with impunity. The crossing of troops over the border continues. There have been no incidents on the border.
