Summary:

Gromyko tells the Ambassador to Cuba the date which dismantled materials will be removed.

Original Language:

Russian

Contents:

Translation - English

The date for the removal of the dismantled special materials from Cuba has been set for 7 or 8 November, but not later than 10 November. This has become possible as a result of the fact that the necessity of observing strict secrecy in the transfer of the special materials has fallen away. For the removal of these materials it is now possible and advisable to use our usual ships located in Cuban ports or arriving there in the coming days, and there is no need to hide such materials in the ship holds.

It is necessary that you and Comrade Pavlov [Pliyev] to be guided by this information. Similar instructions to Comrade Pavlov are being given through the Ministry of Defense.

Confirm reception of this telegram.

A.G.
