[Zhou] Enlai and the Central Committee:

We have received the two telegrams on the management of the question of establishing diplomatic relations with Great Britain and India and the telegram on export-import trade, dated 8:00, 5 January. In regard with the question of export-import trade, you must pay special attention to making an overall plan on the total varieties and volume of exports to and imports from such countries as the Soviet Union, Poland, Czechoslovakia, Germany, and Hungary, as well as Great Britain, France, the Netherlands, Belgium, India, Burma, Vietnam, Thailand, Australia, Japan, Canada, and the United States, for the whole of 1950. Otherwise, we may find ourselves in a disadvantageous position. It is hoped that, after [Zhou] Enlai's departure from Beijing, [Liu] Shaoqi, Chen Yun, and [Bo] Yibo will pay attention to this matter.
