CC CPSU

About signing of the plan of relations between CPSU and Sandinista Front of National Liberation (SFNL) of Nicaragua.

A member of national leadership of SFNL Henry Ruis in a conversation with plenipotentiary in affairs of USSR in Nicaragua (sh. telegram from Managua, spec.#47 from 26.11.1980 yr.) suggested, during the visit in the USSR of a party-governmental delegation of Republic of Nicaragua, to discuss the question about the ties between the SFNL and CPSU, to which the Nicaraguan side gives a an important meaning.

SFNL happens to be a ruling political organization. The leadership of SFNL considers it important to form on the base of the front Marxist-Leninist party for the purpose of struggle for building socialism in Nicaragua. Because of the tactical reasons and with regard to real political situation in the country and in Central-America region the Leadership of SFNL in present time doesn't declare its final goals publicly.

It would be considered possible to agree with the suggestion of the Leadership of SFNL and offer to the delegation while their stay in Moscow to sign a plan of relations between CPSU and SFNL for 1980-1981 years.

The expenses, connected with conducting of all these meetings, foreseen by a plan of two-side relations, could be referred to the account of the party budget. With comrade

Tyazhelnikov Y.M. this question is conformed.

The project of the resolution of CC CPSU is enclosed.
