General Secretary - Opening 10:00 A.M.  
OIJ - International Organization of Journalists  
Conference Declared Open: 10:20

Sept. 19, 1969

Expose the innards of the contradictions between us and the enemy, and expose the innards of the contradictions within our own camp. Arms chair revolutionaries, socialist countries that are long on theory and short on practice, and never equivocate in the face of this sacred duty no matter what the price or consequences. Better to remain silent than to utter irrelevancies, half-truths, or generalities which leave loopholes for those to escape who rightfully should be condemned by those who are still waging life or death struggles for the liberation and security of their people (for dereliction of duty)

Peaceful Unification — ?  
Unification of Korea by any means necessary.

Complete set of Ramparts and Black Panther Party Publications for Korean Journalists Union.

The U.S. imperialist seek to justify their aggression with a smoke screen of spreading Democracy throughout the World and helping to defend democratic elements within various countries that are being threatened by external enemies. Behind the facade of lending assistance to democratic governments against the aggression and threat of Communism, the U.S. imperialist aggressors are, in fact, spreading death and destruction all over the World, creating, arming, financing, and propping up the most brutal, fascist, anti-democratic regimes the World has ever seen. The perfidious nature of this deceitful policy of U.S. imperialism is thoroughly exposed by the American people themselves. 30 million black people inside the United States are fighting for their rights and have been enslaved by the fascist U.S. government for 400 years and have never known a shred of democracy. The United States of America is not a democratic country. It is a cruel fascist country. Many people are not able to recognize fascism unless they see <sup>Hitler's</sup> swastikas or Mussolini's ballhead.

We feel that this is a grievous mistake, because fascism ~~is~~ is the type of reptile that always takes on a local coloring. The American flag and the American eagle are the new symbols of fascism, and they should elicit from the people the same outraged repugnance elicited by the swastika of Nazi Germany or the ~~rising~~ flag of the rising sun of the Japanese imperialists.

~~Poor white people, progressive students, Mexican Americans, Porto Ricans, Eskimos, Indians and other progressive elements cry out against the criminally fraudulent claims of the rollover U.S. fascist imperialist regimes that it is a democratic government. It is a democracy for the bloodsucking Capitalists and the blood-letting Warmongers who control the U.S. government and benefit from its barbaric policies. It is a prison for everyone else and President Nixon is nothing but the Warden of the prison. Indeed, the U.S. imperialism seeks to turn the entire world into a huge prison under its bloody thumb. The people of~~

The world must unite and stage a massive prison break against U.S. imperialism.

The propagandists and apologists for U.S. imperialism seek to belittle the people's movement inside the United States by applying such labels as 'student movement.' The truth is that the so-called 'student movement' inside the United States constitutes a sound revolutionary force. It is an enlightened generation that is locked in a battle to the death against the U.S. fascist imperialist regime.

The revolutionary forces inside the United States must be supported by the revolutionary peoples of the whole world, because ~~whereas~~ the peoples outside of the United States will slice off the tentacles of the heinous octopus of <sup>U.S.</sup> oppression, the revolutionaries <sup>inside</sup> of the United States will ~~cut~~ <sup>cut</sup> out its imperialist heart and give the decisive ~~blow~~ death blow to U.S. fascism and imperialism.

Comrade Kim Il Sung is the most relevant strategist in the struggle against U.S. fascism and imperialism in the world

Today and he has put forth the correct <sup>line</sup> for the universal destruction of fascism and imperialism in our time.

Congo-Brazzaville - 10:00

It is time for the revolution to explode ~~of the world to~~ inside the imperialist nations themselves. We must tear down the borders of the imperialist nations and destroy the mechanisms of their movement in their very house. This will be done by the stepping ~~at~~ up of revolutionary activity inside of the imperialist nations themselves — particularly inside the United States of America.

The U.S. imperialist are fond of using nuclear weapons ~~as~~ to threaten and intimidate the revolutionary peoples and the liberation ~~the~~ movements. But we declare that the nuclear weapons of the United States are null and void because if they use

them at all they will have to drop them on their own cities of New York, Washington, D. C., Chicago, Detroit, San Francisco, Los Angeles, and many other cities because the American people themselves are rising up to destroy the U.S. fascist imperialist system.

Brazzaville Congo Concluded: 10:30  
 Democratic Republic of ~~North~~ Vietnam  
 Start: 10:35

We stand for the evacuation of all Yankee imperialist troops from the many areas of the world where they store their murderous weapons and machines of war with which they seek to dominate the peoples of the world in their self-appointed role of Superman and policeman of the world.

The troops of U.S. imperialism must be driven out of Vietnam and the U.S. imperialist must make restitution

for the material destruction they have criminally ~~and viciously~~ ~~and sad~~ perpetrated against the sovereign Vietnamese people. And the U.S. imperialist must pay a blood debt before a revolutionary tribunal for the vicious sadistic, ~~and cruel~~, ~~and inhuman~~ slaughters of the Vietnamese people.

The U.S. imperialist aggressors must withdraw their troops from the sacred soil of the Korean people or be driven into the sea by the fire and wrath of the people. The Korean people must be left absolutely alone to ~~to~~ unify their country on the basis which seems best suited to them ~~and~~ for their peace, prosperity, and happiness.

The U.S. imperialist ~~aggressive~~ invaders must evacuate Guantanamo Bay, and leave the Revolutionary people of Cuba alone. The tyrannical and rapacious blockade mounted by the power-drunk ~~and~~ cowardly businessmen of Babylon must be smashed.

The U.S. imperialist aggressors must cease their role of merchants of death and destruction who are guilty of financing and arming and protecting the ~~racist~~ arrogant nazi-like Zionist ~~settlers~~ landgrabbers who have usurped and plundered the fatherland of the Palestinian people.

The U.S. imperialist aggressors must be routed and appropriated throughout the continents of Africa, Asia and Latin America. Their support of the fascist government of Portugal in its racist oppression of the people of Angola, Bissau, and Mozambique must be overthrown. Their support of the racist ~~colonial~~ settler regimes of ~~South Rhodesia~~ <sup>South Rhodesia</sup> and South Africa must be stopped. And the neo-colonialist penetration of Africa must be appropriated and defeated.

The Vampire's kiss of death which the U.S. imperialists have placed on the economies and governments and people of Latin America must be decisively repudiated and the Latin American people must be left alone to follow the

path to the future being blazed  
for them by Socialist Cuba, out  
of the swamps of stagnation,  
humiliation, and suffering into the  
sunshine of prosperity and peace and  
true independence.

The U. S. Imperialist aggressors  
must be forced to abandon their hopeless  
and desperate schemes and maneuvers to  
control and dominate the peoples of  
Laos, Cambodia and every other inch  
of earth where they are interfering.

The degenerate and brazen policy  
of rearming and pushing forward the  
Japanese and West German militarists  
must be thoroughly exposed and halted.

I would like to remind the world that the defeat of U.S. imperialism in Vietnam & Korea resulted only in financial losses to the imperialists. This loss can be measured by the amount of war materials that were pumped into those wars. But it was the American people, the Proletariat, that payed the blood price with the deaths of its sons on the field of battle.

Comrade:

Do you think that  
your stay in Korea has made  
you more Revolutionary?

Why are the Russians and the Chinese killing each other?

We believe that all of the territory in the World must be liberated from imperialist control.

We want the people around the World to throw rocks, and battles, and spit, and ~~that~~ handgrenades, and bullets, and bombs, and jeers at ~~so-called~~ President Nixon when he if he dares to visit their Country.

So-called President

Richard Nixon is the archenemy of oppressed black people and ~~other~~ poor white people, and Mexican-Americans, and Indians, Puerto Ricans, and Eskimos.

If the oppressed people of Latin America ~~can~~ spit in Richard M Nixon's

~~free. When he was Vice President, we do not approve of Socialists in Roumania kissing him now that he is president - Unless Roumanian kisses are equal to Latin American spit.~~

~~We do not believe in Peaceful Coexistence with imperialism and fascism, ~~especially~~ ~~U.S.~~ because we believe that it is necessary to hunt the monster down, drive him in a corner, and annihilate him. Imperialism <sup>and fascism</sup> is the cause of the suffering of the people. By its very nature, imperialism ~~will~~ inflicts suffering upon the people by its very existence. ~~We are in favor of putting~~ We want to put an end to the suffering of the people, therefore we must put an end to imperialism.~~

~~The halting of imperialism is nothing but the halting of robbery and murder. | Imperialism is robbery and murder.~~

The United States of America does not have a right to rob and murder people. Therefore it does not have the right to be imperialist. The people who suffer from imperialism have a right to destroy it.

Imperialism is a policy of the American Ruling Class. We believe that it is the task of the American Working Class and the oppressed peoples in America to overthrow the American Ruling Class. But it is the task of all the peoples of the world to destroy A.S. Imperialism.

The policy of a ruling class can be changed or smashed. You can force a change in a ruler the policy of a ruling class even though that class may continue to exist. This happened in many cases after the bourgeoisie seized power from the feudal class.

How can the Korean people in the North  
coexist peacefully with U.S. imperialism  
in the South? It is impossible. Neither  
can North Vietnam coexist peacefully  
with U.S. imperialism in the South.  
The Palestinian Peoples cannot coexist  
peacefully with U.S. imperialism in  
Tel Aviv. Oppressed people cannot  
coexist peacefully with their  
oppressor.

We believe that the war  
against imperialism must be  
spread throughout the world  
as far as possible in order to  
~~spread~~ disperse the forces of  
U.S. imperialism as widely as  
possible.

We need someone to write an  
article and translate it into all  
the languages spoken here  
and explain why Russians and Chinese  
are killing each other and why the  
Chinese are not here at the conference.

Since the U.S. Imperialists are always so pleased to send United Nations troops into other peoples lands, we see no reason why they should object to the Black Panther Party calling for U.N. troops and U.N. Observer Teams to be sent inside the United States to halt the aggression of the troops of the ruling class against black people and other oppressed people, and stop the persecution and murder of the oppressed peoples leaders.

The white supremacists in Washington do not believe in Peaceful Coexistence. Peace to them is only an interlude during which to prepare for war.

Within the 30 million black people  
and other oppressed people inside the  
United States, there are ardent  
battalions of that army of liberation  
which ~~major~~ the heroic guerrilla,  
Major Ernesto Che Guevara called  
forth. Che called for a Continental  
Wide army. We ~~stand~~ respond to  
Che's call, enlarging his army into  
a hemispheric wide army of liberation.  
And we go further, responding to the  
resounding trumpet call of the  
great leader of the 40 million Korean  
people and the great strategist and  
tactician of the international anti-  
imperialist struggle, headed by U. S.  
imperialist aggression, to carry this  
sacred cause of our joint struggle  
through to the bitter-sweet end.

#2

We speak of internationalizing our struggle. In order to do that, we must have an international analysis and an international strategy implemented through international tactics. I think that Comrade Kim Il Sung has provided these. I see the earth as one big piece of land with one big body of water. I see one territory. And I see Comrade Kim Il Sung speaking to all the people in this territory and I see them listening to and understanding him. It would take a man like Comrade Kim Il Sung, with his long and deep experience of fighting against imperialism, including deep experience in guerrilla warfare. He has taken what he knows and applied it to the international situation. I think that the result is beautiful. I think it is what we've all be seeking, and working for, and waiting for. What do you think?

Open: ~~12~~ 5:50

Mongolia: 8:45

We are fighting the U.S. imperialists directly, without fear. So that we are not prepared to tremble in our boots from the dim yelping of their lapdogs and lackeys, no matter whether these lapdogs and lackeys are seasoned flunkies like Chiang Kai Shek and Pak jing he, or whether they are fledglings like the Nixon-Kissers in ~~the~~ Rumania.

If you want to broaden the anti-imperialist front, start by putting up a front against kissing Nixon.

Imperialism is the Foreign Policy of the U.S. Imperialist aggression. The internal policy of the U.S. A. is fascism and the external policy is imperialism.

If a man has a gun that shoots 6 times and he is using that gun to oppress and control the people, we believe that, if we cannot do it any other way, ~~then we believe~~ ~~that~~ the correct tactic is to rush the oppressor with seven men, so that even if he shoots and even kills 6 of us, we will die gladly, knowing that our seventh Comrade has taken away that gun from the oppressor and that our people have another gun with which to fight, with which to defend themselves. We need guns, bombs. Actually, we need hydrogen bombs. As long as the oppressor has hydrogen bombs with which to oppress our people, we need hydrogen bombs with which to defend ourselves, liberate

ourselves, and after liberating ourselves, keep ourselves free. This is a necessity. Anything short of that is doomed, absurd.

Comrade Kim Il Sung, ~~and~~ the Korean people, the Democratic Peoples Republic of Korea, and their great leader, Comrade Kim Il Sung, has heightened our consciousness to a level that makes us equal to the task of dealing with our number one enemy, the U.S. Imperialist aggressors.

When the government of Peru recognizes Socialist Cuba, I will sign the resolution.

These revisionists are riding our dear Comrade, the great Lenin, to death. We refer to what's happening here and now. Comrade Kim Il Sung is alive today, now. Why don't the revisionists recommend themselves to us now, instead of, in a very deceitfully, dishonest, and manipulative manner, constantly resurrect the great leader, Lenin,

who not only preached Marxism but practiced it, ~~then~~ and doing such a fine job and making such an important, original contribution that we have honored his name by adding it to the name of our ideology and World View. But there is nothing original about revisionism. The great leader, Lenin, struggled constantly and vigorously against it. Remember that renegade, Kautsky?

~~★~~

I think that history has proven that, at least in some countries, it is very necessary to conduct a thoroughgoing bourgeois revolution in order to proceed with socialist construction.

Is Peru a member of the imperialist puppet organization, the OAS? Has Peru established diplomatic relations with the heroic and socialist Republic of Cuba?

The great leader ~~of~~ of the international anti-imperialist struggle, Comrade Kim Il Sung, has drawn very clearly the limits of ~~the~~ strategic relationships between socialist countries and the whole of the anti-imperialist struggle. He did not recommend to us the kissing of the presidents of the U. S. Imperialism, the arch-enemy of all mankind.

I would like to see Nixon walk down the main street of Hanoi. If the people of Hanoi give him flowers and kisses, I would have to reexamine ~~my~~ position on this question. Otherwise, I'm not impressed. Nixon is a murderer and robber, an imperialist. ~~I~~ <sup>I</sup> ~~had~~ <sup>done</sup> wouldn't <sup>even</sup> kiss him <sup>let my dog</sup> ~~with a dog's lips~~.

America's ethnic mixture was once considered its greatest strength. Now that the U. S. has become imperialist, the ethnic mixture has become its greatest weakness. Because imperialism needs fascism at home in order to hang together. And we are going to destroy ~~the~~ fascism in our country, and we are thereby going to contribute to the destruction of imperialism abroad.

All of this renegade talk about Lenin only obscures the situation. This is incorrect use of Lenin's name. What we need today is blinding light, ~~light that~~ the light of a mind that can only be "blinding" by being informed by history. This means to be thoroughly informed by Marxism-Leninism. I find Comrade Kim Il Sung to be precisely this manner of man.

The U.S. imperialists, and their lackies everywhere with whom they are plotting against us ~~B~~ in dark rooms behind closed doors, have made a colossal miscalculation. They have ~~not~~ believed their own lies about America. They think that America is a white country. It is not. The United States of America contains within its borders people from every corner of the world, large numbers of such people. There are also revolutionary white people. Altogether, we shall destroy racism and fascism in America, and thereby help usher imperialism into the grave. Behind will be left America, the America of the dream, a socialist America, that will be the brothers and sisters of all humanity.

Shot down in the streets like dogs  
Killed, humiliated, torn asunder, and tortured  
Without mercy, without concern for  
Our human worth  
What hope is there for you  
Down there in the mud  
Under the heel of the boot  
Crushed, bleeding, groaning,  
Dead before dying  
Defeated before fighting

No enemy could be so strong

Whenever a Communist Party becomes  
the Vanguard, it moves to consolidate under  
its authority and direction, all of the weaker  
units of revolutionary power beneath it. This  
is necessary and correct, and it is this thrust  
that will enable the party to fulfill the  
requirements of the transition from Capitalism

The reason that there is so much  
confusion amongst Communists today is  
that in past attempts to consolidate the  
revolutionary forces, is because we tend  
to neglect the correct application of  
Democratic-Centralism.
