As an attachment, hereby I submit a news that was published in the international news column of the October 27 issue of the Red Guard newspaper named Dongfanghong.

During the Cultural Revolution, it already happened on several occasions that the [Red Guards] launched [verbal] attacks on the Korean leaders, but the utterances made in this article were the sharpest so far. The diplomats of the Korean embassy made extremely indignant declarations about the anti-Korean attack launched by the Chinese. We are of the opinion that the publication of this article played a role in that the Korean party sent a higher-level delegation to Moscow.

In recent times the Korean revisionists have shown an anti-Chinese tendency that is becoming more and more insane. The Korean revisionists are terrified by the Cultural Revolution. They say that nearly all intellectuals were killed in the Cultural Revolution. What scoundrels they are, damn it! Anxious to pursue a policy of cooperating with the Soviet Union and opposing China, the Korean revisionists wholly deny the immense distinction that our heroic volunteers gained in the course of the anti-American resistance war aimed at helping Korea. Mad with rage, the gang of Kim Il Sung is slandering us by claiming that the assistance [we] gave to Korea during the anti-American war was motivated by our „national egoism" and we did that „for our own good." It is even more hateful that the Korean revisionists are slandering us by claiming that the Korean War was „provoked" by us. This is how low the Korean revisionists have fallen! Now they are even digging up the graves of our volunteers who heroically sacrificed their lives in the Korean War! What more will we tolerate if we tolerate that? We sternly warn Kim Il Sung and his ilk that those who cooperate with the USA and the revisionists, and pursue an anti-Chinese policy, will come to a bad end. Sooner or later, the Korean people will rise up and settle up with you.
