H.E. Minister of Defense
General Malan
Republic of South Africa

Dear Mr. Minister,

J.A.L. STEINMANN

Over many years, both in my capacity as Chairman of the Foreign Affairs and Defense Committee of the Knesset and more recently as Minister of Defense, I followed with gratification the progress and expansion of our [redacted] in ever-increasing areas of mutual interest and concern, in particular in [redacted]

Upon entering my present position, I learned that another project of great promise and significance, [redacted] is approaching final approval of our Governments. I understand, however, that some difficulties have arisen delaying the finalization of the contract for this project due to the request of your [redacted] that it be awarded a pending procurement of [redacted] by Israel's Ministry of Communication.

Let me assure you that I fully recognize the importance of pursuing reciprocal purchases with respect to mutual programs of this nature and that I actively support all efforts undertaken to this end. Under these circumstances, and in view of the importance of the [REDACTED] program, I propose that we proceed to conclude the final negotiations relating to this Project. In parallel, recognizing the justification of your legitimate desire to implement principles of reciprocity, I assure you that I will make every effort to have my Ministry's personnel [REDACTED] to be offered to your [REDACTED] on a priority basis and to enlist the support and assistance of other Ministries in furtherance of this endeavour.

I look forward to the opportunity of meeting with you in the near future in order to discuss our [REDACTED]
