Dear Sobarien

Communication from the Democratic
People's Republic of Korea

1.   As agreed, I told Mr. Stachevski of the USSR mission that
it would be contrary to our practice to issue the attached
communication as a separate A/- document at this stage, i.e.,
before the inclusion of the item has been approved by the General
Assembly. I suggested to him the following alternatives:

    (a) To publish the communication as an addendum to the
         request for inclusion, with a request from the sponsors;
                     or preferably

    (b) To begin immediately with the translation of the lengthy
         memorandum (thirty-four pages) and have the usual
         A/C.1/- document issued as soon as the item is allocated
         to the First Committee.

2.   Mr. Stachevski asked that the matter be brought to the
attention of the Secretary-General since his ambassador, who will
see the Secretary-General in the near future, may refer to the
Korean communication.
