RESOLUTION

An expanded plenum of the CC of the People's Party of Iran has found out about the unanimously adopted decision of a CPSU CC plenum with the participation of CC members and candidate members and also of members of the auditing commission with respect to the anti-Party group of Malenkov, Kaganovich, Molotov, and Shepilov, who had joined this group.

The decision of the CPSU CC plenum was directed at preserving and strengthening unity in the ranks of the Great Communist Party of the Soviet Union and the consistent realization of the historic decisions of the 20th Congress, namely the restoration of Leninist norms in all areas of the management of Party political and economic life.

There is no doubt that the decisions of the 29 June 1957 CPSU CC plenum will have a positive influence on the world's worker's and democratic movement, on strengthening solidarity among fraternal Parties, and also on the foundations of peace and coexistence precisely because they were adopted along the lines of strengthening the Leninist line of the CPSU CC.

The expanded plenum of the CC of the People's Party of Iran expresses its complete solidarity with these decisions.

Adopted at the 7 July 1957 meeting.

[signed] Radmanesh
