Dear Mrs. Dushaney:

President Rhee has referred your letter of March 22nd to me for reply, and I am pleased to have the opportunity of being of assistance to you. It is deeply regretted that your brave son was killed in Korea fighting for the freedom of this country, America and the free world.

Our records do not indicate individuals entitled to wear the Republic of Korea Presidential Unit Citation Badge, but rather indicate only the units which have been awarded the citation. In an effort to determine the unit to which your son was assigned, I have made inquiry to the Commanding General, Eighth United States Army. His office has informed me that records of this nature exist only in the office of The Adjutant General, Department of the Army, Washington 25, D. C. I should like to suggest that you contact that office, furnishing your son's name, rank, serial number, and organization to which he was assigned. That office then should be able to inform you with regard to his entitlement to the citation badge.

I am sorry to be unable to furnish you any more information.

Yours sincerely,

C. J. Yu
Secretary
